## **Foreword by the Secretary to the Redress Board**

The Historical Institutional Abuse Redress Board (Redress Board) was established under Schedule 1(2) of the Historical Institutional Abuse (NI) Act 2019 on the 31 March 2020 with the placing of an advertisement by TEO in the Belfast Gazette. This Business Plan outlines the key activities and priorities for the fourth year of operations for the Redress Board in 2023-24.

In our fourth year, the main focus of the Redress Board will again be on the efficient and effective processing and listing of applications for compensation before Redress Board panels for determination. We will continue to review the level of applications received, following the TEO led awareness campaign on victims and survivors entitlement to a range of support services and financial compensation as set out in the Hart Report and the above legislation. We will ensure appropriate staffing resources are in place ensuring that there is no undue delay in the processing of applications. The President of the Redress Board will continue to review the number of panel sessions to ensure that they align with the number of verified and validated applications to be scheduled before a panel.

We will continue to implement our more robust approach to reduce the submission of incomplete or non-compliant applications to the Redress Board in the first instance, and will continue to remind legal representatives of their responsibility to update applicants about the progress of their application.

The Redress Board will engage with the Commissioner for Survivors of Institutional Childhood Abuse (COSICA), with regard to our respective statutory responsibilities for a range of redress services, as set out in the Act and the Rules, to ensure the best possible service to all victims and survivors within the constraints of the legislation. We will also engage with Victim Support Services (VSS) to share key learning and to promote the availability of their support services to applicants during and after the application process.

The Redress Board will work with the Executive Office, Victims & Survivors Groups and all redress scheme stakeholders to prioritise the implementation of agreed and statutory compliant Supporting Justice Review recommendations. All agencies, in the absence of Ministers, have discussed working on implementation of those agreed operational administrative recommendations that will be of benefit to victims and survivors.

Given the current financial climate, the delivery of these objectives is important to enable us to effectively operate within our allocated budget which, as for all public sector bodies, is very challenging.

## About the Redress Board

### Who we are

The Historical Institutional Abuse (Northern Ireland) Act 2019 received Royal Assent on 5 November 2019. The Act provides the legal framework for the establishment of the Historical Institutional Abuse (HIA) Redress Board. The Redress Board was established on 31 March 2020 and is responsible for receiving and processing applications for compensation from those who experienced abuse while a child and while resident in an institution in Northern Ireland between 1922 and 1995.

Under Schedule 1(5) of the Act, the Lady Chief Justice of Northern Ireland is to appoint a person as the President of the Redress Board. On 7 November 2022, the Lady Chief Justice appointed the Honourable Mr Justice Fowler as President in succession to the Honourable Mr Justice Huddleston and the Honourable Mr Justice Colton. Under the Act, the President has responsibility for ensuring the efficient and effective discharge of the functions of the Redress Board.

The Redress Board is comprised of judicial members appointed by the Lady Chief Justice and other members from a health and social care background appointed by the Executive Office. A three person Redress Board Panel consisting of two members from a health and social care background, and a judicial member, will determine applications for compensation received by the Redress Board.

The Act also requires the Executive Office (TEO) to name a Northern Ireland department to carry out the administrative functions of the Redress Board. The Department of Justice (DoJ) is the designated department and is responsible for the provision of staff, including the Secretary, to undertake the administrative functions of the Redress Board.

The Redress Board is a body corporate and operates independently and at arm's length from the Executive Office and Department of Justice under a Partnership Agreement.

## Management Board

The President has established a Management Board to provide proportionate and effective leadership to the Redress Board. The Secretary to the Redress Board is responsible for the day to day operation of the Redress Board and for providing effective leadership and management of staff. The membership of the Management Board will be reviewed in 2023-24.

The current Management Board consists of:

- President of the Redress Board the Honourable Mr Justice Fowler;
- His Honour Judge Devlin; Assigned Civil County Court Judge
- Beverley Clarke – Redress Board Member;
- Jacqui McGarvey – Redress Board Member;
- Paddy Butler – Advisor to the Redress Board;
- Jim Coffey – Secretary to the Redress Board;

## Our Business

The Redress Board's statutory functions, duties and powers are set out in the Act and are summarised as follows:

- Receiving, processing and determining applications for compensation;
- The composition and management of the Redress Board;
- The allocation of judicial and non-judicial Redress Board members to form panels to make determinations;
- The appointment of Advisors to assist the Redress Board;
- Development of legislatively compliant policy and procedure;
- Compel the giving of evidence where it is considered necessary in the interests of justice to do so.
- Issuing restriction orders to prevent the disclosure of information; and
- The administrative functions of the Board.

The Redress Board administration provides support to the President and Redress Board Panel members.

## Staffing & Resources

The Redress Board administration team is based at Headline Building in Belfast.

A skilled and committed workforce is essential to the successful achievement of our corporate aims and in particular the challenging targets which we have agreed for 2023-24. A draft financial budget has been submitted to TEO however as at May 2023 we have had no confirmation this has been approved.

**Our draft opening budget projection for 2023-24 is:**

	2023/24 Initial Budget DRAFT (100k)
Redress Payments	25,600
Legal Costs	867
President, Judicial and non-judicial members	1,767
Staff	1,895
Accommodation	200
Other misc. costs	198
<b>Total</b>	<b>30,527</b>

## Business Planning Context

### Economic & Public Sector Context

The Redress Board will be required, during the period of this Plan, to maintain a high quality service against a backdrop of securing resources, implementation of statutorily compliant Supporting Justice recommendations and continued digital innovation.

### Obtaining Historical Records

In the absence of historical records held by institutions, the Redress Board will continue to develop pragmatic and creative approaches to identify potential sources of information and evidence, which may assist in helping to verify an applicant's attendance in an institution and their application details.

### Business Planning 2023-24

The Redress Board Business Plan for 2023-24 has been developed using the Outcome Based Accountability (OBA) methodology. The Redress Board is committed to supporting the TEO in delivering the Executive's draft Programme for Government (PfG) Outcome 8:

- We have an equal and inclusive society where everyone is valued and treated with respect.
- Everyone feels safe – we all respect the law and each other
- We have a caring society that supports people throughout their lives.

This approach will be cascaded through individual Performance Agreements to ensure that all members of staff can clearly identify their role in contributing to our business outcomes.

### Corporate Governance

As an arm's length body of the Executive Office, the Redress Board is governed by a Partnership Agreement. The Partnership Agreement document sets out the arrangements for the effective governance, financing and operation of the Redress Board and is supplemented by a Financial Management Memorandum between TEO, DoJ and Redress Board and Services Agreement directly between the DoJ and Redress Board.

## Delivering the Plan

The Management Board will review progress against the 2023/24 Business Plan throughout the year. Performance against the performance standards outlined at Annex A of this Business Plan will be reported in our Annual Report to TEO to be laid before the Northern Ireland Assembly. The Annual Report once laid before the NI Assembly by TEO, will be published on the Redress Board website. In addition the Redress Board will publish a Quarterly Key Performance Summary report on our website on the number of applications and appeals received, determined and number of panel sessions.

## Key Aims for 2023/24

## Annex A - Performance Standards

The purpose of these performance standards is to define a challenging set of indicators to ensure the effective discharge of Redress Board functions. These performance standards will be reviewed on an annual basis to ensure relevance against known behaviours, compliance rates, and other business priorities agreed with TEO. The performance standards reflect the Redress Board's and TEO evidence based understanding of the realities and challenges of verifying the attendance of applicants at over 100 institutions not investigated during the Historical Institutional Abuse Inquiry, the additional investigatory steps undertaken by the Redress Board to verify attendance in the absence of many of institutions attendance records, the number of applicants that have attended multiple institutions, the number of incomplete and non-compliant applications, the behaviours and rate of compliance of all of the various stakeholders with the legislative timescales and underpinning policies and procedures of the Redress Board.

The President of the Redress Board and TEO has agreed the following 2023/24 Performance Standards:–

- 90% of applications for compensation received by post will registered within four working days of receipt.
- 90% of Rule 7 Notices will be issued within five working days of an application for compensation having been registered on the Redress Board online application portal.
- 80% of applications for redress will be listed before a panel within eight weeks of validation of the application\*.
- 90% of Determination Notices will be issued within five working days of receipt of the panel's Summary of Reasons.
- 90% of Payment of Award Instructions for Final Determinations will be issued to the Department of Justice within three working days of receipt of a complete award acceptance form
- Panel files will be prepared to a sufficient standard to ensure an annual adjournment rate of no greater than 9%

The Redress Board has an aspiration to list applications before a panel within 20 weeks of receipt of the application. However, this cannot be a Performance Standard due to the level of incomplete applications, the complexities of the verification process and the compliance with Rule 9 information request made by the Redress Board during the validation process, which are all outside the operational control of the Redress Board. *\*For clarity an application is recoded as validated when the applicant or solicitor has provided all of the relevant Rule 4 statutory required documents, all the evidence they wish a panel to consider and that the attendance as reported by an applicant at an institution(s) has been sufficiently verified in accordance with the legislation.*
